

Interior Furnishing Packages

Anticipating your needs, and furnishing your property accordingly . . .

Our reputation as the premier Company in our field has been built on our 15 years' experience working here on the Riviera. Over this time we have developed a detailed understanding of the needs of property owners - like you - on the Côte d'Azur.

Our Interior Furnishing Packages are designed with the owner's practical requirements firmly in mind. We ensure that, for instance, spares sets of linen and towels are available while changeovers take place. It is these small details that can make all the difference to the smooth running of a home or rental property.

This leaflet itemises those items that are included in our 3-Star Premium Package: other ranges - 'Economy' and 'Standard' are also available. Using this leaflet in conjunction with our 'Optional Extras' list will provide you with the widest, most comprehensive, choice of items and accessories available.

However, should there be any items that do not appear on our lists, and that you particularly require, we will be happy to give you a quotation for providing them.

Please do not hesitate to contact us for any further information or help that you may require: we are here to provide you with an economical and one-stop solution to all your furnishing needs . . . and a host of ancillary services too.
